

Can you feel it?

This song was composed by Roger Walters as part of his personal project and sung by his wife, Julie, as part of her personal project during W4T 2011 – 12. The song is also used as a backing track on the W4T promotional video.

E5 B/D# A/C#
Can you feel it? All around it's in the air.
E5 B/D# A/C#
Can you hear it? Sound of singing everywhere.
C#m7 A9
In the cities and the towns
C#m7 A9 – B11
Your revival sweeping down – and calling...

E5 B11 C#m
Let these dry bones rise once more
 A9 E5
Marching across these barren shores;
E5 B11 C#m
Breathe your spirit in our hearts
 A9 B11
Then the revival fire will start.
Tacit E5
Let it begin with me...

Are we dancing
To the beating of your heart?
Can we let go
Of all that's tearing us apart?

Think what's wrong and what is right
Then get ready for the fight – start marching...

Let these dry bones rise once more
Marching across these barren shores;
Breathe your spirit in our hearts
Then the revival fire will start.

Let it begin with me...

Can you hear them?
Prophets speaking all around.
Don't ignore them
As they stand on Holy Ground.

Let these prophets speak to you
Feel the call to start anew – then march on...

*Let these dry bones rise once more
Marching across these barren shores
Breathe your spirit in our hearts
Then the revival fire will start*

Let it begin with me...

Flames of revival
Burning falling everywhere.
Is your heart aching
Or is it you don't really care?

The flame is coming, seize the chance
Hear the beat and start to dance – then follow...

*Let these dry bones rise once more
Marching across these barren shores
Breathe your spirit in our hearts
Then the revival fire will start*

Let it begin with me... Let it begin with me... Let it begin with me...

Chords

The song makes much use of pedal notes - open Bass E and open high e at various parts of the song – there are also a lot and open strings with high fret chords
